

# Digestive Enzymes Ultra

Introduced 2007

## What Is It?

Digestive Enzymes *Ultra* contains a high-strength mixture of vegetarian enzymes supporting enhanced protein, carbohydrate, fat, fiber and dairy digestion and to promote optimal nutrient bioavailability and absorption.\*

## Uses For Digestive Enzymes *Ultra*

*Promote Digestion:* This formula contains an all-encompassing profile of vegetarian digestive enzymes to support protein, carbohydrate, fat, fiber and dairy digestion. Proteases included in this formula provide optimal activity across a wide pH range. They facilitate the normal breakdown of proteins and di- and tri-peptides. Lipase promotes lipid breakdown while amylase and glucoamylase are included to stimulate polysaccharide breakdown of starch and glycogen. Invertase and lactase support digestion of carbohydrate disaccharides, including the dairy sugar lactose. This formula also offers numerous enzymes to support fiber breakdown, including cellulase, hemicellulase, beta-glucanase and phytase. These enzymes act to break down cell wall components and phytic acid, promoting nutrient bioavailability of fiber-containing foods. Additionally, alpha-galactosidase promotes the breakdown of certain complex carbohydrates, such as raffinose and stachyose, found in some legumes, vegetables and grains—helping to relieve occasional bloating or gas.\*

## What Is The Source?

Enzymes are derived from microbial fermentation. Ascorbyl palmitate is derived from corn dextrose fermentation and palm oil. Hypoallergenic plant fiber is derived from pine cellulose.

## Recommendations

Pure Encapsulations® recommends 1–2 capsules with each meal.

## Are There Any Potential Side Effects Or Precautions?

At this time, there are no known side effects or precautions. If pregnant or lactating, consult your physician before taking this product.

## Are There Any Potential Drug Interactions?

At this time, there are no known adverse reactions when taken in conjunction with medications. Consult your physician for more information.

## Digestive Enzymes *Ultra*

one vegetarian capsules contain  v 3

proprietary enzyme blend .....	195.5 mg
providing:	
amylase .....	12,000 DU
protease .....	30,000 HUT
protease 6.0 .....	10,000 HUT
glucoamylase .....	15 AGU
lactase .....	800 ALU
lipase .....	1,500 FIP
beta-glucanase .....	10 BGU
invertase .....	450 SU
cellulase .....	400 CU
alpha-galactosidase .....	60 GalU
protease 3.0 .....	10 SAPU
phytase .....	5 FTU
hemicellulase .....	100 HCU

other ingredients: hypoallergenic plant fiber (cellulose), ascorbyl palmitate, vegetarian capsule (cellulose, water)

1–2 capsules with each meal.
